## Certificate Program (ATCP)

ATCP is a hands-on training program designed to provide participants with disabilities entry level skills such as basic safety procedures, how to change oil and other fluids, repair tires, and perform courtesy checks. This opportunity is a partnership with Nebraska VR, local community colleges, and local automotive repair businesses.

Students learn skills during in-class time at the community college and on the job with our employer partners.

### How to get started:

- Meet with Nebraska VR Employment Specialist assigned to your school to fill out an application. (Scheduled through your guidance counselor or teacher.)
- Interview with employers.

To learn more about Nebraska VR's Certificate Programs, go to: [vr.nebraska.gov/partners/certificate\\_programs.html](http://vr.nebraska.gov/partners/certificate_programs.html). Find us on Facebook at: [facebook.com/NebraskaVR](https://facebook.com/NebraskaVR). Contact Jessica Bergmann at our Lincoln Service Office: 800-472-3382 or 402-215-2611.
